

Job Title: Programmer

Job Category: Programming

Skills Required: C languages, AS3, Java, Unity, Adobe Air

Location: Toronto, ON, Canada

Description: In the DHX Media Interactive Department we take our crazy awesome licenses (like Yo Gabba Gabba and Kid vs. Kat) and create crazy awesome mobile and web based entertainment as well as slick and effective internal applications.

DHX Interactive is looking to add a programmer to our growing team. If you like to write code, play games, and write code for games then this is for you.

The Programmer we are looking for is someone who is knowledgeable, motivated, and can work in a team environment. You would be working with an interesting group of people coming up with ideas, developing games, and solving problems.

Requirements

- Experience with C languages such as...
 - C ++
 - Objective C
 - C #
- AS3
- Java
- Experience with various multi-platform building environments such as Unity and Adobe AIR
- Experience developing on mobile platforms such as iOS, Android, WP7, BREW, J2ME

Responsibilities

- Help to develop the best products possible from concept to completion
- Trouble shooting
- Problem solving
- Research and implementation of new codes/programming languages
- Helping to ensure the timely delivery of projects

Salary: Based on experience

Apply to hr.toronto@dhxmedia.com. We thank everyone for their interest, however due to the number of applications that we receive only those candidates under consideration will be contacted. **NO PHONE CALLS PLEASE.**
